your smile was so kind

that i keep wanting to lean on you

I'm sorry.
You'll have to
go home alone
today

I forgot to
tell you, but
I promised a
date with my
girlfriend.

What?
Girlfriend?

I know I'm not allowed.

Mom
I started
dating her
last week
You know her?

Kim
Hyun-ah from
the library
You know,
we ate lunch
with her a
couple of
times!

ah...

My heart beats for you.

And so,

Let's go
to the P.C bang
next time.
I'm so very
sorry-!

Even place to buy / consider here at lots of the
high speed powers there of various works usually
needs a delay per time

I don't care if you never know what I really feel about you.

We live with nature, using the earth in the shape of science

And I'm fine with sharing your
smile all day long, every day.

it's all
cool.

We can
go to P.C.
Bang any
day, so enjoy
your date.

then,
see you
tomorrow!

so please, smile like you're the happiest man on earth.

I will stop forgetting, little by little..

with one
tear's
falling away

that's

Bamboo
Garden

are my
eyes crazy...
Kalia,

So That My Heart No Longer Aches For You

the fact that I loved you,

but
hey,

shall remain a secret,
for as long as I live.

ugh... It's
too bright
today.
